

Kinder Beat

How early childhood music should be!

This early childhood program is contemporary and vibrant

Kinder Beat utilizes groundbreaking early childhood education principles. It features many activities that children of the 21st century need for brain development and acceleration. Designed for 2½ to 4 year olds, the level of creativity and essential musical foundations can be seen on every page and heard on every sound track.

Discover a whole new world

"It's taken the kids to a different world. The parents are equally excited and impressed. Most comments were...wow! So groovy and so hip!"
Audrey Chin, East Malaysia.
